Xchange Teller Machine  
24/7 Self Service  
Currency exchange solution

---

## About our company

Interchange is one of the world's leaders in the foreign exchange sector. In operation since 1990, the Interchange Group serves 3,5 million customers annually handling more than €1 billion across 11 countries, including 8 major airports, 150 branches, and numerous ATMs. It also has a network of more than 500 Western Union agencies. Interchange is committed to providing a comprehensive suite of currency exchange and money transfer services.

We stay at the forefront of currency exchange methods and set the industry standard with our first-class customer service. At Interchange, our foundation is built upon a global team of knowledgeable foreign exchange (FX) professionals. United by a common objective, we strive to provide financial solutions that empower individuals and businesses alike. With our extensive experience and a dedication to excellence, our goal is ensuring that our clients receive tailored solutions that align with their unique needs.

## Your challenges – Our solution

We provide our services at busy hubs, airports and key tourist points where, high service quality, reliability, the fast and seamless service are essential demands of our customers. We understand the complexities of global transactions and offer a revolutionary cash exchange solution. Our smart machines can easily handle diverse currency demands, providing operational flexibility in high-traffic areas. In other words, with a unique design that fits in any environment, our XTM provides a 24/7 cash to cash exchange service for up to 10 different currencies simultaneously, with minimal space requirements and no human interaction.

Partner with us to empower your business with a seamless cash exchange experience globally.
